#### Comments on teaching (strengths, areas for improvement)

[Student 7991](#) - Always helpful and supportive.

[Student 15618](#) - The best TA I've ever had at MIT by far... Incredibly smart, always ready to help, excellent teaching skills. You really deserve an award for being such a good TA.

[Student 28857](#) - Alec is wonderful. He helped me learn so much. Alec has a way of organizing ideas in papers and pointing out areas of weakness and strength that is super helpful to understanding what good research looks like. He always knows what questions to ask us etc. It is so helpful. I would read more closely for recitation than for lecture, most of the time. (not that lecture wasn't useful).

[Student 45348](#) - Alec was super useful for this class. Recitations plus meeting with him one on one really helped me with selecting my topic and working my way through it.
